

## SAS Open House

Tuesday, May 9, 2006

6:30 - 9:30 PM

Fairmont Hotel, San Jose, CA

Join the SCSI Trade Association as we host an evening of Serial Attached SCSI interactive displays and discussions!

Learn about the latest developments in SAS. See & hear about a SAS solution in a real-world environment. Come see & play with six product displays and demonstrations, highlighting:

- Tiered Storage
- Scalability
- Shared Storage
- Form Factors
- Performance & Cost benefits
- Infrastructure

Ask the SAS Experts your questions, find out from them how SAS can benefit you and your customers. Peruse the latest SAS training and education tools and resources and leave with SAS resource material and fun giveaways!

Register at [www.scsita.org](http://www.scsita.org) now - Space is limited!
